

Hills Antenna UHF/VHF Antenna Model: 01TBUV5-4G

Product Description:

The Hills Antenna 01TBUV5-4G Tru-Band UHF/VHF 5 Element Antenna is a revolutionary range of antennas specifically designed for the digital-only TV environment in Australian Capital Cities and certain regional areas serviced by VHF or VHF/UHF transmitters. The Tru-Band Silver Bullet provides the gain required for all prime locations and is built to provide a lifetime of trouble-free viewing. This new edition of the Tru-Band Antenna now features an individually tuned and optimised RF filter circuit. Specifically designed with shielded inductors, to better withstand any potential 4G/5G transmission interference from the growing number of mobile towers. The Silver Bullet model combines the sleek, low impact look with prime reception qualities to ensure you receive the picture you deserve, without compromising the aesthetic of your home. Designed and manufactured in Australia with unmatched quality and a Lifetime Warranty, you simply cannot go wrong with this antenna. It is suitable for both domestic and commercial applications.
