

## FTA TRIPOD MOUNTS For Tin and Tile Roofs

### Product Description:

The FTA Tripod mounts are a free-standing range of products that are suitable for installation upon tin and tile roof types.

These mounts also include a 1150mm long, 25mm round steel tube mast to provide adequate installation height for metropolitan domestic and commercial free-to-air digital antennas.

Available in 2 surface finish types:

Natural galvanised compatible for a silver finish range of antennas.

Sensational Black finish for low visual impact

and complimentary with the Hills Antenna range of Iconic Black Arrow Antennas.

**Models:**  
**BC2844**  
**BC2844BLK**  
**BC2880**

### Key Features:

Strong all steel materials used.

Welded for robust construction.

Hot dipped galvanised for superior corrosion protection.

Only one spanner needed to tighten the mast clamping fasteners.

### Product Information
