# NEW MODELS

Now with new & improved 4G filtering

With over 70 years of being at the forefront of antenna design and manufacture in Australia and New Zealand, we've developed quite a diverse range.

So whether you're metro or regional based, we have an antenna to suit any location.

### Antenna Features:

These new antennas feature almost the same specifications as their legacy models, but are fitted with a new and improved 4G filtering PCBA balun, providing a far greater filtering of 4G frequency interference.

Improved Filtering with the new 4G filtering PCBA Balun.

Premium materials used: Aluminium, UV Stabilised Plastics.

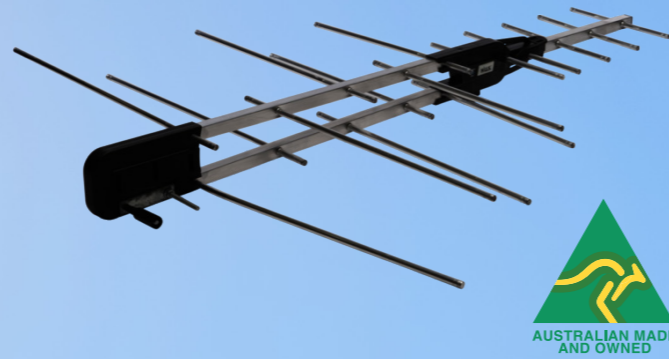

Accessories included: Rubber Boot, V Block & U Bolt (fitted).

Australian Made & Owned with a Lifetime Warranty.
