

(CANBERRA BRANCH)

OUR STORY

Formed back in 1998, Bitek is an Australian owned and operated family business, who's primary goal is to provide a comprehensive range of quality products across all aspects of communications for professionals and installers alike. Our unwavering commitment to quality and service over the years, has seen Bitek grow to become the leading supplier to the broadband, cable, satellite, pay TV, Free-To-Air (FTA), CCTV, security, data and electrical industries.

Our quest for premium products is so strong, it lead to Bitek acquiring the Hills Antenna division from Hills Industries in December 2019, who's iconic and official Australian Made and Owned products are still made in South Australia at the HillsATV Antenna factory. Over the years, we've also partnered with many world-leading suppliers and brands to better diversify and expand our product range. This has allowed us to continue to connect, entertain and provide security to everyday people.

Today, Bitek has branches based in Canberra, Adelaide, Sydney and Melbourne, servicing not only professionals and businesses nationwide, but connecting with off-shore consumers and overseas markets too. Whether you deal with us direct in-store, or remotely online, we always remain dedicated to providing all of our customers with a comprehensive range of specialised products, at the most competitive prices.

We understand the challenges and demands of today's ever evolving industry, which only re-affirms our commitment to quality and innovation. At Bitek, we constantly explore and implement emerging technologies where we can, to ensure our customers have access to the finest products available in the television, satellite, security, data and electronics markets.

In this catalogue you will find an extensive range of products from our family of companies including Digitek, Hills Antenna, StorageTek, DataTek and ProquipDigital, as well as some of our partners such as Kingray, Sanus, Energizer, Dahua and TP-Link.

(HILLSATV ANTENNA FACTORY)

OUR BRANDS - LOCALLY & INTERNATIONALLY

Please Note: Product features, specifications and images in this catalogue have been checked and are correct at time of print. However, errors and omissions are accepted. Bitek can not guarantee product features, specifications, images, even stock availability, won't change after printing and reserve the right to correct any printing errors.

OUR CUSTOMERS

Whether you're making your first purchase with us, or are a valued, long-standing account customer, at Bitek we endeavour to provide the best possible pricing options to all customers. We offer a few different ways to purchase depending on your needs:

WEB ORDERS

By creating a web login account to view pricing and purchase online.

CASH ON DELIVERY (COD)

Buying in-store or ordering over the phone from any Bitek Branch.

CREDIT ACCOUNT

Filling in our 30-day term form to apply for a Credit Account.

OUR QUALITY COMMITMENT

We are proud to produce Australian Made products like the Hills Antenna Tru-Max, Tru-Spec and Tru-Band Antenna ranges, as well as our Tru-Mount hardware range, all certified by the AMCL (Australian Made Campaign Limited).

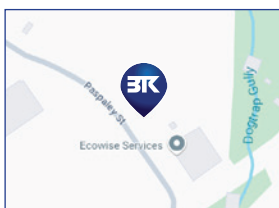

Our Hills Antenna Tru-Series range goes a step further when it comes to reliability, utilising premium materials to withstand the harshest Australian weather conditions and back it with a Lifetime Warranty, giving you complete peace of mind.

OUR LOCATIONS

Want to stop by and see where all the magic happens? We have four branch locations servicing Australia wide:

Canberra

Head Office, Accounts, Showroom, Warehouse

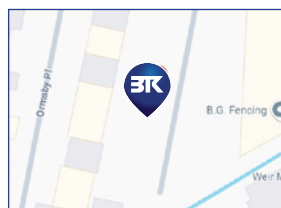

1/13 Paspaley Street,

Adelaide

Showroom, Warehouse

1 Temple Court,
Ottoway, SA, 5013

☎ 08 8395 4111

✉ sasales@bitek.com.au

OUR TERMS & CONDITIONS

Payment – We accept Cash, Visa/Mastercard, EFTPOS and Cheque (available to account customers only). Approved account customers also benefit from our 30-day credit terms.

Freight – We have our own delivery fleet, servicing the Sydney, Melbourne, Canberra and Adelaide areas, with a flat rate for areas outside our standard service range. Additional charges may also apply to heavy or large shipments.

You can find out more about our freight and delivery in regards to your particular order, by contacting your local branch.

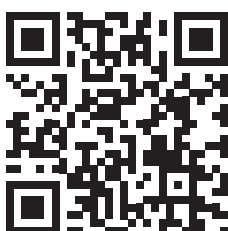

We also suggest checking your order upon arrival, and informing us of any damage that may have occurred during transit, as promptly as possible.

Customer Pick Up / Click & Collect – You can elect to pick up your items yourself, or have your own courier pick up from one of our branches during normal weekly business hours.

Returns Policy – If there is an issue with your order, you can contact us so we can investigate and issue an RA (Return Authorisation) if necessary.

Most new, unopened items can be returned within 30 days of delivery for a full refund. We'll also pay the return shipping costs if the return is a result of an error on our part (incorrect item).

Refunds can take up to four weeks from when you return stock, however, in many cases you will receive a refund much sooner. This time period includes the transit time for returning package, processing the return order, and your bank processing our refund request. If you need to return an item, please contact us with your order number and details about the product you wish to return.

Give us a call and we'll put you in touch with your local branch:

A Starlink® Pole Adaptor that's a cut above the rest!

FB607313

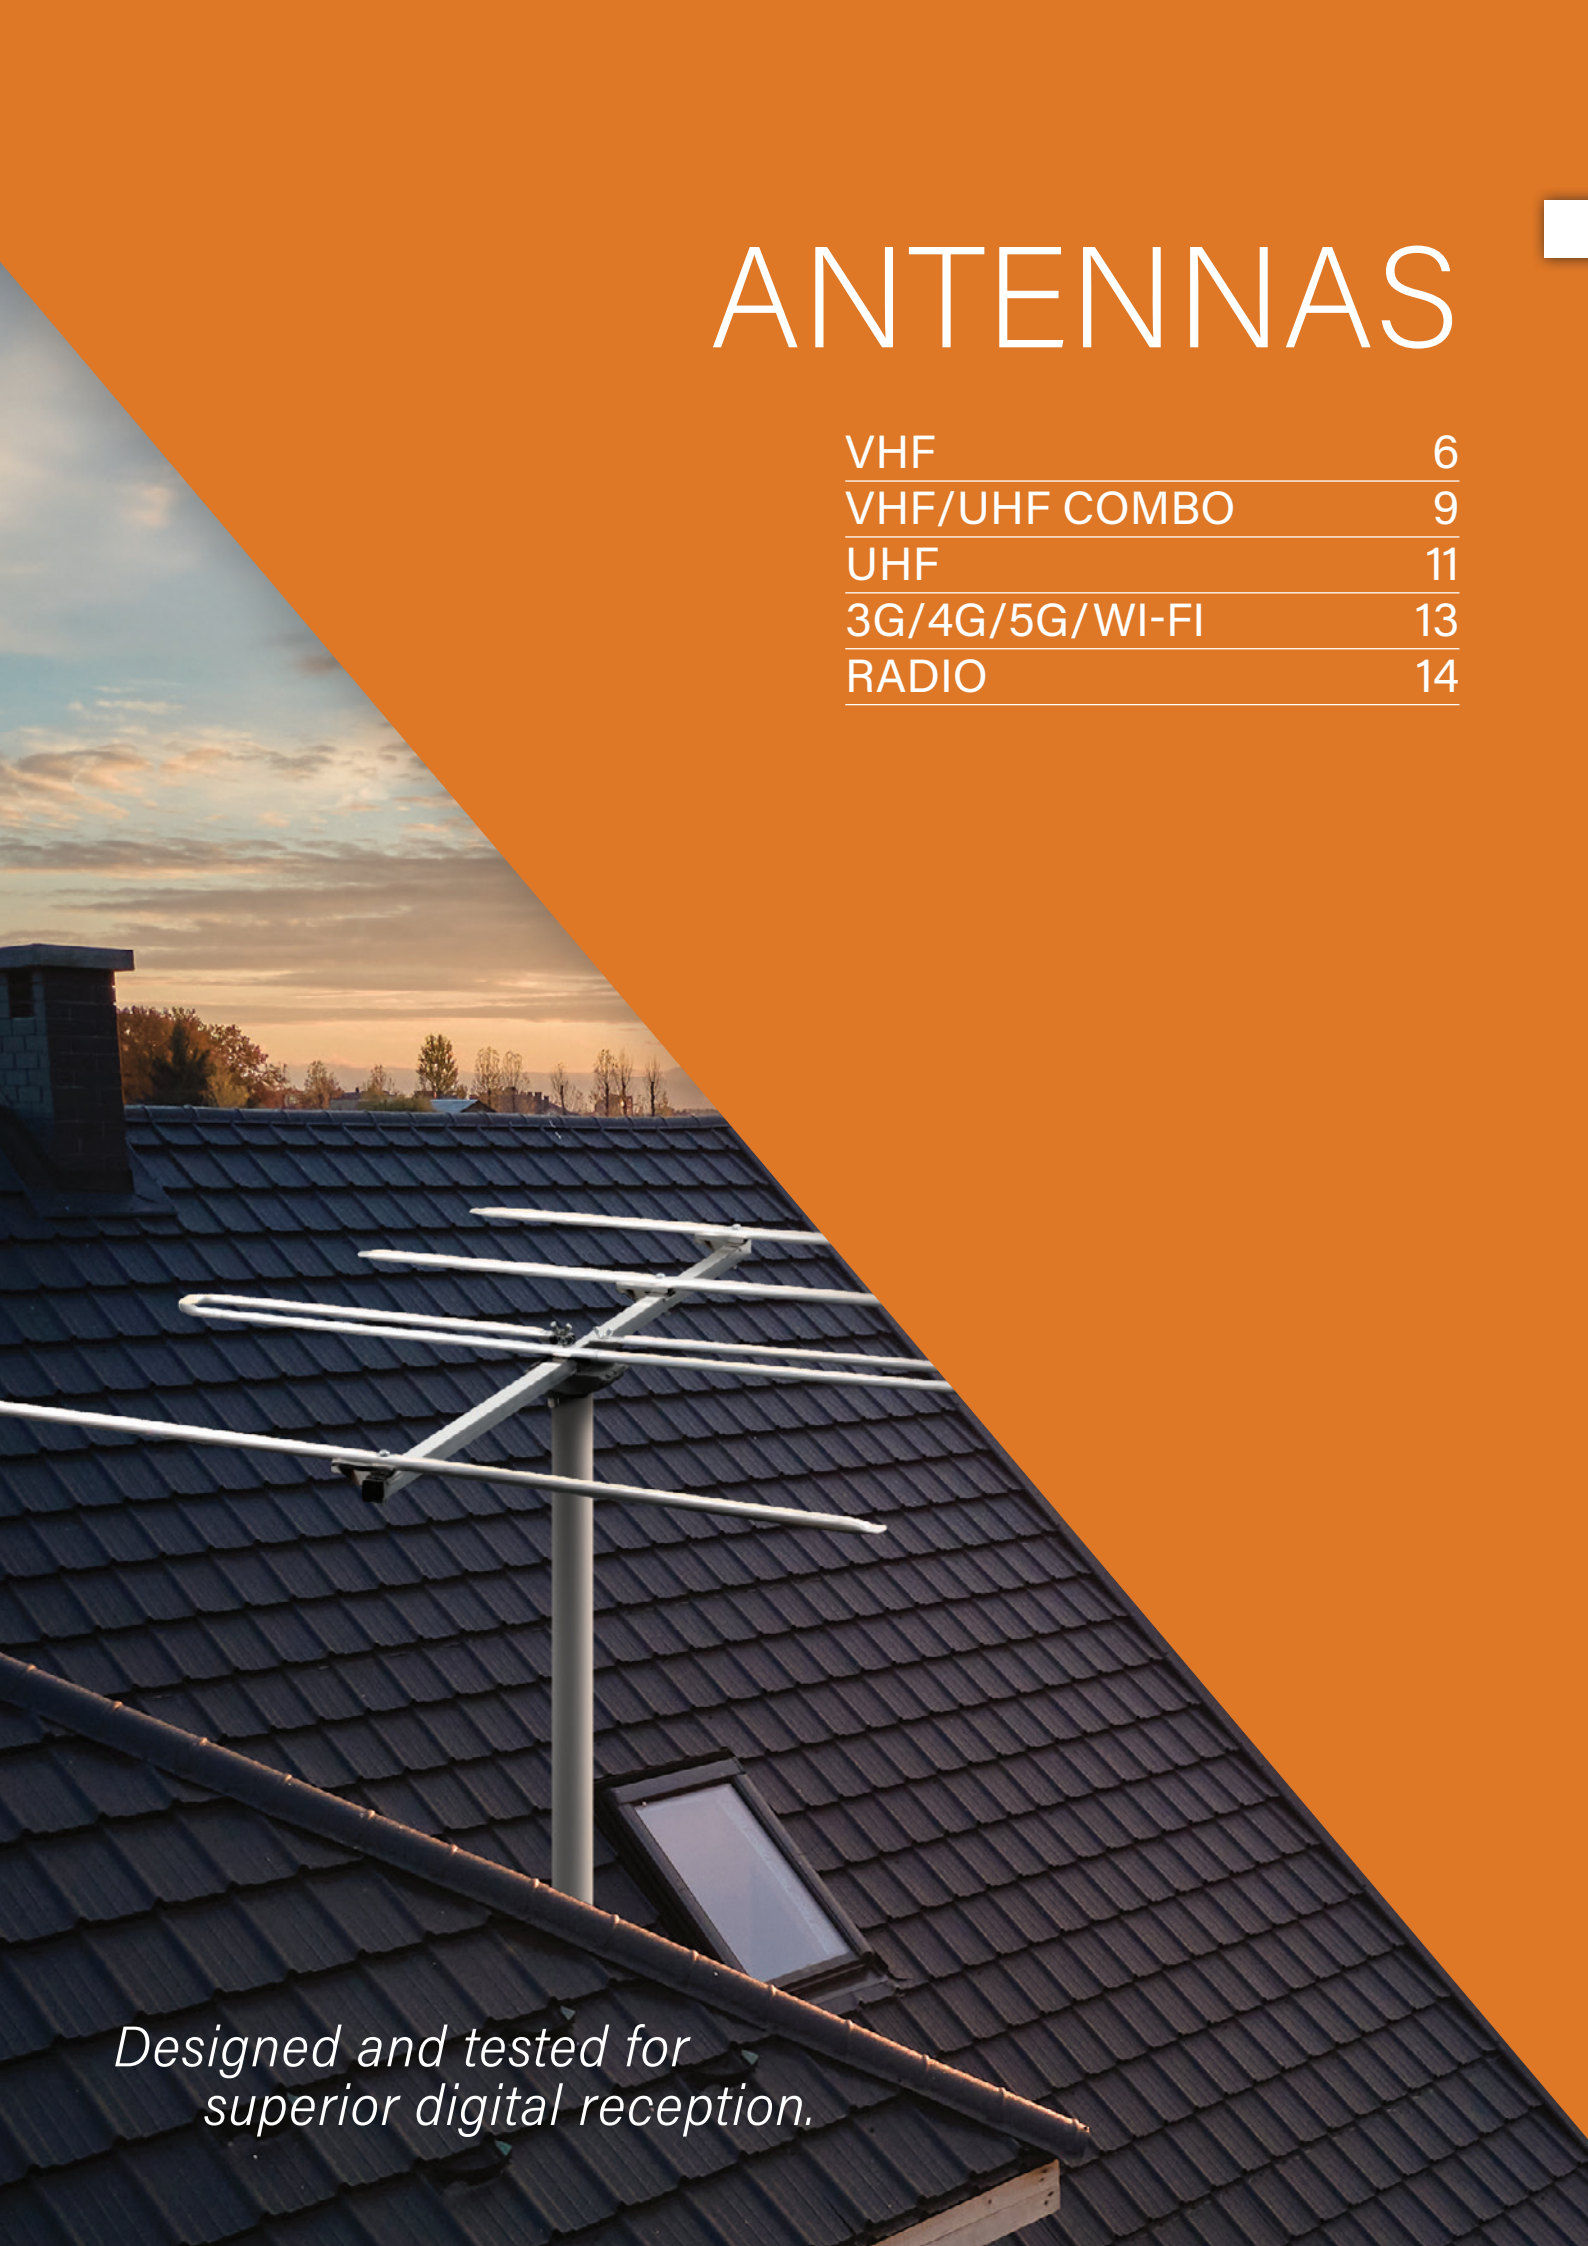

The first precision injection moulded pole adaptor in the Australian market.

The FB607313 has been specifically designed for the Starlink® GEN 3 V4 Dish, and is so durable, it has successfully been tested to withstand the weight of a 3 tonne truck!

Check out the Hills Antenna FB607313 Starlink Pole Adaptor on **Page 60**.

Inner Metropolitan Folding Log Periodic VHF Antenna

01DLPF3

9340591003822

- Horizontal and Vertical Mounting Options
- Folding Elements
- F-Type Connection
- Lightweight and Durable Design

Included Accessories

- Rubber Boot (for F-Connector), V-Block & U-Bolt Fitted to Antenna

NUMBER OF ELEMENTS	12
CHANNEL BAND	Band 3
CHANNELS	6-12
MAX. GAIN	11.5dBi
FRONT TO BACK RATIO	>20dB
MATERIALS	Aluminium, UV Stabilised Plastics
DIMENSIONS	655(L) x 850(W) x 70(H) mm
COLOUR	Silver
PACKAGING	Poly Bag with Label
QUANTITIES	Carton: 10 / Pallet: 200

LTE Series 4-Element Metropolitan Premium Yagi VHF Antenna

01DV304L

9340591004201

01DV304LW (With Stand-Off Bracket)

9340591004973

- Heavy-Duty Construction
- Snap-Out Dipole
- Horizontal and Vertical Mounting Options (01DV304LW)
- F-Type Balun with 4G/5G LTE Low Pass Filter

Included Accessories

- Rubber Boot (for F-Connector), V-Block & U-Bolt Fitted to Antenna

NUMBER OF ELEMENTS	4
CHANNEL BAND	Band 3
CHANNELS	6-12
MAX. GAIN	>7dBi
FRONT TO BACK RATIO	>15dB
MATERIALS	Aluminium, UV Stabilised Plastics
DIMENSIONS	745(L) x 835(W) x 125(H) mm
COLOUR	Charcoal (Hammertone), Silver Elements
PACKAGING	Poly Bag with Label
QUANTITIES	Carton: 10 / Pallet: 200

LTE Series 7-Element Metropolitan Premium Yagi VHF Antenna

01DV307L

9340591004218

01DV307LW (With Stand-Off Bracket)

9340591013159

- Heavy-Duty Construction
- Snap-Out Reflectors
- Horizontal and Vertical Mounting Options (01DV307LW includes [FB602376](#) Stand Off Bar)
- F-Type Balun with 4G/5G LTE Low Pass Filter

Included Accessories

- Rubber Boot (for F-Connector), V-Block & U-Bolt Fitted to Antenna

NUMBER OF ELEMENTS	7
CHANNEL BAND	Band 3
CHANNELS	6-12
MAX. GAIN	>11dBi
FRONT TO BACK RATIO	21dB
MATERIALS	Aluminium, UV Stabilised Plastics
DIMENSIONS	1095(L) x 900(W) x 600(H) mm
COLOUR	Charcoal (Hammertone), Silver Elements
PACKAGING	Poly Bag with Label
QUANTITIES	Carton: 10 / Pallet: 100

LTE Series 10-Element Outer Metropolitan Premium Yagi VHF Antenna

01DV310L

9340591004225

- Heavy-Duty Construction
- Snap-Out Reflectors
- F-Type Balun with 4G/5G LTE Low Pass Filter
- Add a [FB602376](#) for Vertical Mounting Option

Included Accessories

- Rubber Boot (for F-Connector), V-Block & U-Bolt Fitted to Antenna

NUMBER OF ELEMENTS	10
CHANNEL BAND	Band 3
CHANNELS	6-12
MAX. GAIN	>15dBi
FRONT TO BACK RATIO	29dB

A close-up photograph of a hand pointing at a white wall plate. The wall plate is mounted on a wall with a light-colored, textured wallpaper. The hand is in the foreground, with the index finger pointing towards the wall plate. The wall plate has a circular cutout in the center. The background is a solid green color.

*Seamless connectivity,
perfectly plated.*

05DRWP2 - Recessed Wall Box

Versatile & Space Saving

A smart solution for modern installations.

We have a wide range of products that enable low profile solutions for managing cables and connections behind wall-mounted TV's, monitors, or furniture.

Ideally suited to the home or commercial spaces, this recessed AV box enables a professional appearance whilst reducing possible installation issues including cable strain.

Paired with any number of wall plates and inserts from our range, this recessed wall box gives the installer and end user the flexibility required in a rapidly changing world.

Want the best for your AV setup? Check out our Patch Leads on **Page 29**.

THE RIGHT TOOL FOR THE JOB

Use the 16BCT12 for RJ45 8P8C Pass Through Cutting & Crimping. See page 81.

How to terminate an RJ45 8P8C Connector with a UTP CAT6 Data Cable

16BCT12

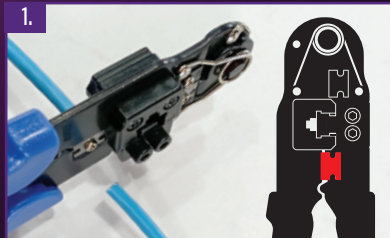

RJ45 8P8C Pass Through Crimping & Cutter Tool

Stripper Blade

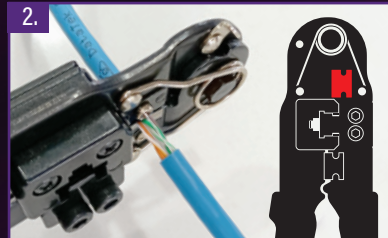

Crimp Blade

Plug Holder

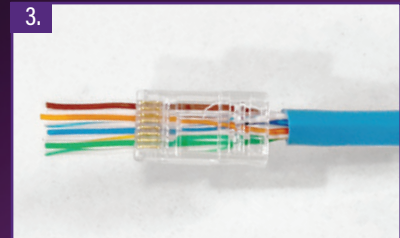

Wire Cutter Blade

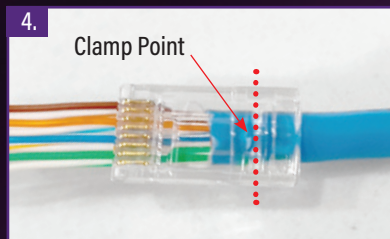

1. Insert cable at wire cutter blade. Squeeze handle hard to cut cable to desired length.

2. Insert cable end at stripper blade. Squeeze and rotate handle, then strip off cable jacket to expose inner wires.

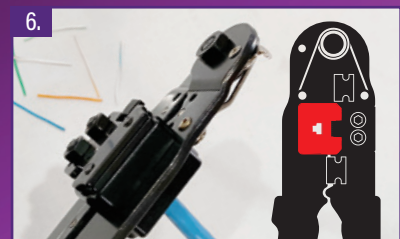

3. Prepare inner wires in a 568A or B configuration when inserting into connector.

4. Ensure cable jacket is fully inserted into the connector, past the clamp point.

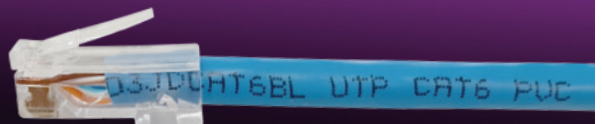

5. Insert connector (with exposed wires) into plug holder/crimp blade.

6. Squeeze handle hard to crimp connector with cable and cut off excess inner wires.

7. The connector and cable are now terminated and ready for testing.

HILLS. Antenna®

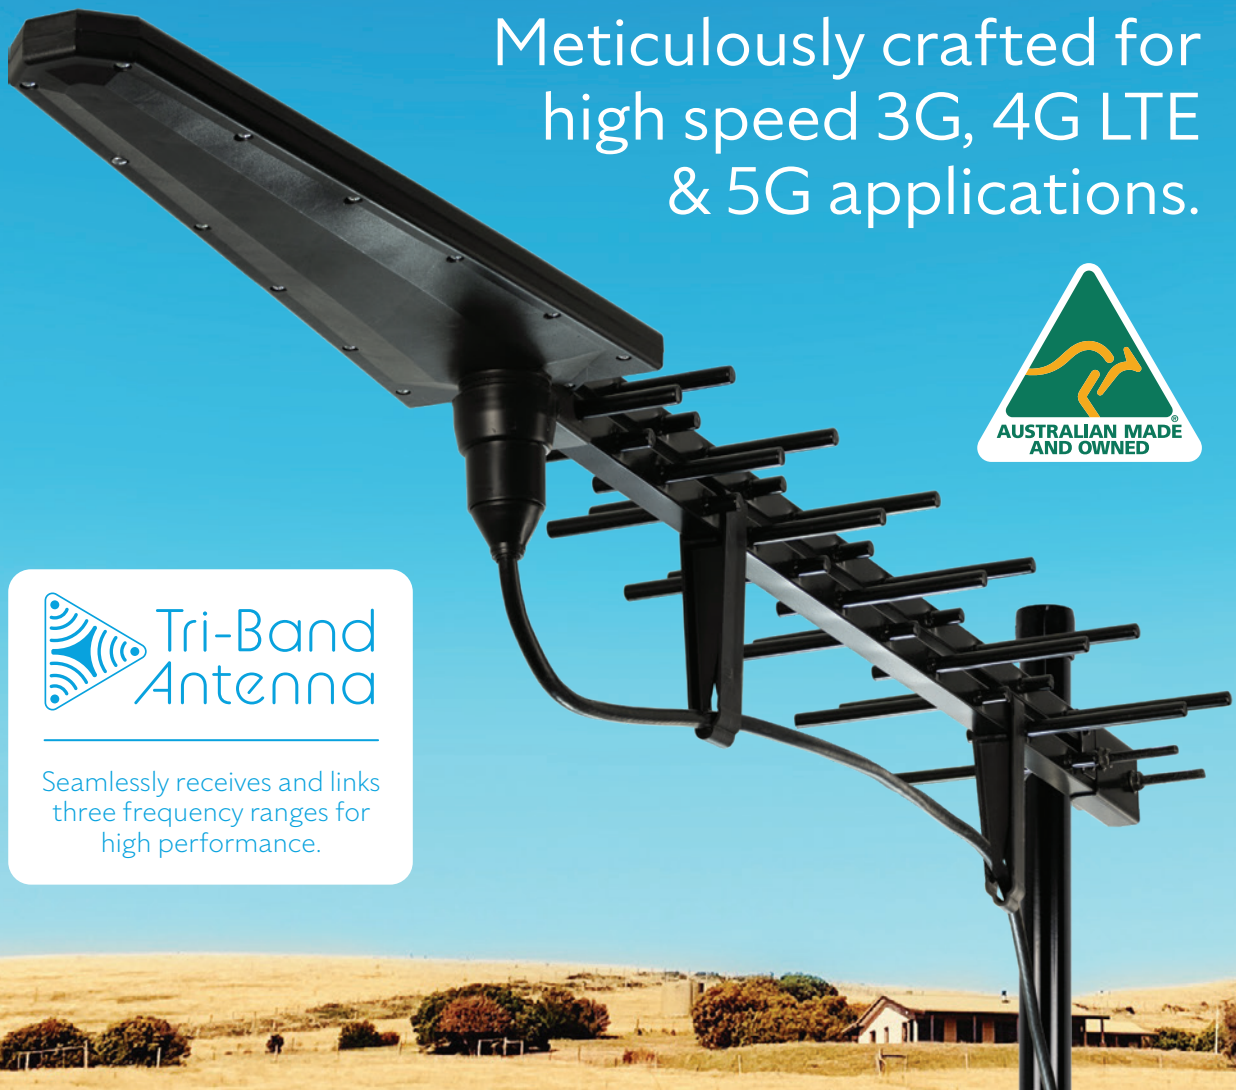

The BLACK POINTER

Meticulously crafted for
high speed 3G, 4G LTE
& 5G applications.

Tri-Band
Antenna

Seamlessly receives and links
three frequency ranges for
high performance.

Find out more about the Black Pointer on **page 14**.

RG6 Quad-Shielded Coaxial Cable Stripping

1.

Make sure you are using a Cable Stripper that supports your cable type (for RG6 we recommend the BC15172B or 16A06).

2.

Open tool by squeezing the handle ends together.

3.

Place end of the coaxial cable into the stripping tool with the cable end flush with the other side of the tool.

4.

Hold the cable firmly in one hand, whilst using the other to spin the stripping tool around the cable (5 to 6 rotations).

5.

After rotating, pull the tool away from the cable to strip the outer jacket, and leave the wire and shielding exposed.

6.

Fold back the un-bonded wire-braid to expose the foil-bonded dielectric. The cable end is now ready for an F-Type connector.

Mini Composite to HDMI Converter

ProquipDigital

17HAV2HDMI

9340591010462

- 1-Input Analog Composite (RCA)
- 1-Output HDMI 1080p@60Hz (Max.)
- Supports PAL, NTSC3.58, NTSC4.43, SECAM, PAL/M, PAL/N Standard TV Formats
- Advanced Signal Processing
- Plug & Play, No Drivers Required
- DC/Mini USB Power Supply Included

PACKAGING Display Box

QUANTITIES Carton: 10

HDMI to Composite/S-Video Converter

ProquipDigital

17HHDMI2AV

9340591010455

- Input HDMI Resolution: 480p(60Hz), 576p(50Hz), 720p(50Hz/60Hz), 1080i(50Hz/60Hz), 1080p(50Hz/60Hz)
- Output Signal: Composite Video (1.0Vpp), S-Video (Y:1.0Vpp, C:0.3Vpp)
- Output Video Systems: PAL/NTSC
- Output Video Impedance: 75Ω
- Compatible with HDMI

PACKAGING Display Box

QUANTITIES Carton: 10

EXTENDERS

Single Run CAT5e/CAT6 HDMI Extender

ProquipDigital

17HEXT1

9340591004324

- Extends HDMI Signal up to 40m (Max.) with a Single Network Cable
- Uncompressed & Zero Latency
- Compatible Cables: CAT5e/6/6a/7
- Resolution: 1080p (Max.)
- Supports EDID Dial Switch
- Up to 60Hz IR Pass Through

PACKAGING Display Box

QUANTITIES Carton: 20

SPLITTERS

2-Way Digital Optical Audio Splitter

ProquipDigital

17HOPSP12

9340591010479

- 1-In/2-Out TOSLINK (Optical Fiber) Ports
- Reliable, Lossless Audio Transmission (5m Max.)
- Electromagnetic-Noise-Free
- Supports Uncompressed 2-Channel LPCM (Linear Pulse Code Modulation) Audio
- Supports Compressed 2-Channel & DTS Audio
- DC/Mini USB Power Supply Included

PACKAGING Display Box

QUANTITIES Carton: 10

2-Way HDMI Splitter

ProquipDigital

17HI2SPHDR

9340591004331

- 1-In/2-Out HDMI Ports
- Ultra HD Resolution 4Kx2K@60Hz
- HDMI 2.0 / HDCP 2.2 Compliant
- Support HDMI 3D & HDR
- EDID Management • Foxtel IQ Compatible
- Supports 17HDMI AKIT IR Kit

PACKAGING Display Box

QUANTITIES Carton: 50

1-In/2-Out HDMI Splitter with Upscaling to 4K@60Hz

ProquipDigital

17HSCSP12

9340591010486

- 1-In/2-Out HDMI Ports
- 4K Up/Down Scaling (Switchable) on Output Port 2
- Full 4K@60Hz 4:4:4
- HDMI 2.0 & HDCP 2.2 compliant
- Supports High-Dynamic-Range (HDR)
- Independent Switch for EDID Selections
- Supports TOSLINK & Ø3.5mm Jack Audio Output

PACKAGING Display Box

QUANTITIES Carton: 20

MODULATORS

HDMI to DVB-T Modulator with HDMI Loop Through

ProquipDigital

17HPHD1V4

9340591011346

- HD & CVBS Inputs to DVB-T RF Signal Output
- HD Cable Loop Through
- HD Input Resolution: 1080p@60Hz (Max.)
- Distributes One Source to Multiple Displays with One Modulator via CATV Splitter
- Multiple Modulators can be Installed to Distribute as Many Channels as Needed
- Firmware Upgradeable via USB Port
- Programmable Menu Control

PACKAGING Display Box

Home Hub Enclosures

Looking for an enclosure for your NBN Fibre, Data, AV, Security or TV applications? Look no further.

24HH520

24HH720

24HH1000

The Hills Antenna Home Hub Enclosure is the most flexible product on the market and a notch above the rest when it comes to features, quality and serviceability.

Exceeding NBN-DES-STD-0011 requirements, these three models are feature packed to suit the many tech demands of today's household, whilst remaining aesthetically pleasing with a neutral white, powder-coated finish, surface or flush mounted to seamlessly blend with their surroundings.

With everything you need in the box to get you started, you can't go past a Hills Antenna Home Hub when looking for a quality enclosure, built and designed for the modern home.

24HH520 (520mm)		9340591006205
24HH720 (725mm)		9340591006212
24HH1000 (1000mm)		9340591006229

CABINET TYPE	Home Hub
MATERIALS	Cold Rolled Steel
DIMENSIONS (W) x (D)	400(W) x 150(D) mm
DIMENSIONS (H)	520mm (24HH520) / 725mm (24HH720) / 1000mm (24HH1000)

- 1x Mounting Bracket - Dual Wall Plate (Part # 24HH2HF)
- 1x Mounting Bracket - Open Frame (Part # 24HHOF)
- 3x Mounting Blocks
- 1x Double GPO (2x Double GPO for 24HH1000)
- 2x Blank Wall Plates (Part # 05DWP00)
- 1x 8-Port CAT6 Data Module (Part # S2119V2)
- 4x Earth Wire Links
- 2x Eyelets
- 1x Cut-Out Template
- 1x Removable Gear Tray

**24SECCAB****Features:**

- Strong, compact construction with a neutral finish that is mark, scratch and finger-print resistant
- Safe & secure with dual cabinet locks
- Supports a 24" (max.) monitor and up to 2U equipment such as a 4HDD bay NVR or DVR
- More airflow vents than standard cabinets, plus 2x built-in cooling fans connected via a Y-cable to plug into a single USB power source
- 5-outlet PDU is included, but designed to hold any standard 19" rack PDU if additional power is required
- Strategically positioned Ø 50mm knockouts with protective cable grommets for minimising tampering
- Bottom cavity ideal for supporting a UPS
- Retaining wires for lid support

Specifications:

Construction	Cold Rolled Steel with white Hammertone surface
Equipment Capacity	Up to 2U mounted equipment (240-480mm width and 465mm depth)
Monitor Capacity	Up to 24" monitor with downward facing HDMI & power inputs (50/75/100mm VESA mounting)
Weight Capacity	(30Kg max. load bearing weight)
Power	5-outlet PDU included (Supports 19" rack PDU)
Dimensions	580(W) x 635(H) x 185(D) mm
