Punch Down Tool with 16DPD2KB Blade

16DPD2

FEATURES:

- Combines wire seating and automatic excess wire trimming for fast, efficient installations with minimal rework
- HI/LO selector optimizes force for delicate or robust applications, preventing block damage or incomplete seats
- Built-in hook facilitates wire extraction and looping; extractor removes entire blocks; flat-head screwdriver handles fastening tasks—all without additional tools
- Twist-lock holder ensures secure, tool-free blade swaps. Standard Krone blade included; 110-compatible option available separately for versatility
- Onboard compartment in handle end stores spare blades, reducing downtime.
- Non-slip ergonomic handle minimizes fatigue during extended use.
- Delivers clean, burr-free cuts and firm wire seats, supporting high-density terminations up to Cat6/6A cabling.

TYPE	Punch Down Tool (Krone/110 Compatible)
INCLUDED BLADE	Krone-style Termination Block (16DPD2KB)
IMPACT ADJUSTMENT	High/Low Impact-Force Selector
